 OPERATING LLC**
 T4 Permit: New Permit
 Approximate Mileage: 629.797

Date: 6/8/2023

POPS COVER LETTER

INSTRUCTIONS: The Form C-LTR POPS Cover Letter is used to provide updates or context on a permit application. It is used to notify the Commission of an application for Renewal, New Permit, Inactivate, or Amendment. Only fill out the corresponding section of the form based on the **APPLICATION TYPE**. The form will show and hide fields based on the **APPLICATION TYPE** to facilitate ease of use. For more detailed instructions, refer to [Form C-LTR Submittal Guidelines](#).

OPERATOR INFORMATION

Enterprise Pipeline Operating LLC		
Operator Name		Operator Agent Name
253368		06/08/2023
P-5 Number	T-4 Permit Number	Date

APPLICATION TYPE

Renewal
 New Permit
 Inactivate
 Amendment

RENEWAL

Only fill out this section of the form if the application being filed is for a Renewal. Renewal applications are used to complete an annual pipeline permit renewal. They cannot be used to report changes.

Was eminent domain ever declared for this permit? Yes No

Total Active Renewal Permit Mileage

NEW PERMIT

Only fill out this section of the form if the application being filed is for a New Permit. New Permit applications are used to create a new gas or liquid permit.

Was eminent domain ever declared for this permit? Yes No 629.797

Total Active New Permit Mileage

Is this New Permit application associated with a transfer? Yes (fill out [Form T-4B](#) and attach in POPS) No

INACTIVATE

Only fill out this section of the form if the application being filed is for an Inactivate. Inactivate applications are used to abandon in place all lines in a permit according to [TAC §8](#) and [49 CFR §192-195](#). All abandoned lines must have no intention for future use. (Idle lines cannot be abandoned.)

Are the pipelines being abandoned in place, merged into another permit, or something else?

Abandoned in Place Merged into Permit Number

AMENDMENT

Only fill out this section of the form if the application being filed is for an Amendment. Amendment applications are used to report changes to an existing permit. Indicate all changes that are being made along with the mileage being changed for this permit application. If you are reporting a transfer, make sure to also fill out [Form T-4B](#). The two-letter codes correspond with the T4_AMD field in the shapefile; more information on the T4_AMD codes can be found in [A Guide to Shapefile Submissions](#).

PA: Pipeline Addition (newly built pipeline)	Mileage Change	BP: Abandoned in Place (must be completely abandoned)	Mileage Change
FC: Fluid Change (product change)	Mileage Change	TM: Transfer Merge (acquire full transfer and merge into existing permit)	Mileage Change
