The ground is beginning to thaw on a market frozen by COVID, and RBN will be there every step of the way with incisive commentary on market fundamentals. To make that happen, we're introducing a new series of online events: **RBN Studio Sessions**. This online webinar series will provide up-to-date analysis and conversation around the key issues facing oil, gas and NGL markets.

Our first Studio Session – **Alberta Bound** – will focus north of the 49th parallel, on the latest developments unfolding in Canadian oil and gas markets.

Led by **Martin King**, the two-hour **Alberta Bound** Studio Session will include two half-hour market update presentations, interspersed with insights from industry leaders, including **David Smith** of **Keyera**, **Tracy Robinson** of **TC Energy**, **Vern Yu** of **Enbridge** and of course, RBN's own **Rusty Braziel**.
